## MACCenter Rules

### Age Restrictions for building use;

Youth, under the age of 12, are allowed use of the gym when accompanied by a responsible adult.

Children under the age of 14 are not allowed in the Cardio or Free Weight rooms (with or without parent). If your child is 12 to 14 years of age and you wish to have him/her work out *with you*, your child must receive prior approval from the MACC Director. The Director will evaluate the child on height, strength and maturity and understanding of workout routine.

Youth members, 14 years and over, may use the weight equipment (no Cardio equipment i.e. treadmill, elliptical, etc.) as long as they have successfully completed orientation and approved to work out on their own by the MACC Director.

Depending on member usage the Cardio Center use of this room may be restricted, to Adults (19 +) only, Mon.-Fri. between the hours of 5:30 and 7:00pm.

Restrictions will be monitored, re-evaluated and posted as needed.

A consent form must be signed by the parent prior to any youth using MACC equipment.

**MACC liability Insurance dictates the equipment age restrictions.**
